25X1C1.

[REDACTED] will be visiting Headquarters at the invitation of CIA during the period 13-15 February 1967. In addition to discussions with elements of the Clandestine Services, [REDACTED] has presented CIA with a list of positive intelligence subjects which he would like to review during his visit. These subjects generally concern the Soviet military posture in the northwestern areas of the UBSR. 25X1C

2. In reviewing the list submitted [REDACTED] it is believed that CIA should provide briefings to cover the following subjects:

- A. Soviet strategic forces in the north to include air, naval, ground and missile forces located in the Kola Peninsula and Leningrad Military District area.
- B. The State of readiness of Soviet forces in the northwestern area which pose a threat to Norway to include Soviet sea-lift capability and identification of any special landing forces.
- C. Recent Soviet air and naval exercises in the north.
- D. Soviet activity at Flesetsk, Olenegorsk and Tallin.
- E. The Soviet ANM program. 25X1C

25X1C 3. It is understood that the Military Division, OCI, will handle items A through C. OSI and FMSAC will be jointly responsible for topics D and E. 25X1C

[REDACTED]
is planned.

A tour of the FMSAC Center

25X1B

4. We have scheduled the period between 1430 and 1630 on Monday, 13 February 1967 for the above briefings.

25X1C

5. It is understood that DIA will also be giving some briefings to [REDACTED] on 16 and 17 February, however the details are not yet known. The following additional topics were submitted [REDACTED] for discussion. However, they are considered to be more appropriate for DIA presentation. DIA has been so advised. 25X1C

A. Soviet airborne capability to include new parachute techniques and employment of helicopters.

B. Soviet reactions to U.S. peripheral reconnaissance.

25X1C

6. The coordinator for [REDACTED] visit is [REDACTED] E/SC/W, Room 4B 0003, extension 5049 (Red 1769). 25X1A
